## **SECTION E**

### **INSPECTION AND ACCEPTANCE**

#### **E.1 Inspection**

Inspection of all items under this contract shall be accomplished by a duly authorized Contractor representative in accordance with the Contractor's Quality Assurance Program (QAP), as approved by FDF. FDF reserves the right to inspect the Contractor's on-site and off-site activities and inspection system at any time during performance of this contract. Inspections may include, but are not limited to:

- ! QAP
- ! Sampling and Analysis Plan (SAP)
- ! Safety and Health Inspections
- ! Environmental Compliance
- ! Maintenance Inspections
- ! DOT Requirements
- ! Radiological Control
- ! Engineering Management Plan

##### **E.1.1**

"Inspection of Construction (JUL 1986)" (Section H. 48) applies to any construction effort included in Option Line Item 002, Mobilization, Site Preparation, and Facility Construction, listed under Section B, Table B.2-1.

##### **E.1.2**

General Provision Clause Number A.57, entitled "Inspection of Services - Fixed Price (FEB 1992)" (Section I) applies to Line Item 001, Pre-mobilization; Option Line Items 003-009, and any effort included in Option Line Item 002 that is not covered by Section H.48.

#### **E.2 Acceptance**

Acceptance of all work and effort under this contract, including reporting requirements, shall be made in writing by FDF's Technical Representative, with the exception of acceptance of treated waste at the disposal facility.

##### **E.2.1**

Acceptance of treated Silo 3 waste shall be made at the disposal facility. No invoices will be processed for payment until notification of acceptance has been received by the FDF Contract Administrator.
